

UNIVERSAL COOPERATE LTD.

Model UCL-HPM2462

Handy Power Meter

100 Watts DC-6GHz

UCL-HPM2462 Handy Power Meter features convenient, fast test and high accuracy, the test power range from 1mW to 100W, due to high accuracy attenuators, the power meter can finish high power measurement nearly without any modification.

NOMINAL IMPEDANCE: 50Ω

POWER: DC 9V

VSWR: ≤1.35(power meter)

≤1.2(internal attenuator)

ATTENUATION ACCURACY: ±0.3dB

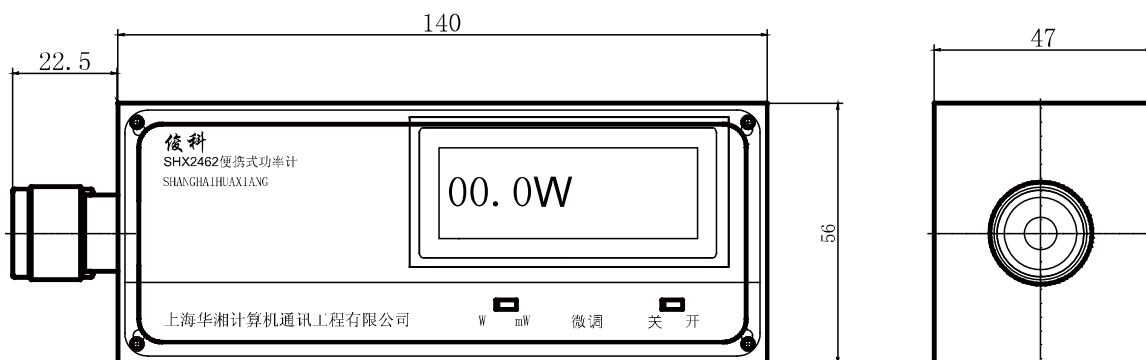

POWER ACCURACY: ±5%

CONNECTOR TYPE: N

WEIGHT: 2.1Kg

PHYSICAL DIMENSIONS: 140×56×47mm

Outline Drawings

* Dimensions are given in mm and tolerance ±2%.

** VSWR varies according to frequency.
